4 of 4 review helpful Just enough to say you did it By Grant S Robertson This book reminded me of Marine Corps boot camp We did a lot of stuff but only just enough to say we did it and not enough to learn anything from it This book tries to cover far too many topics in a very short space We used this book for a class I took the summer before last It is not even really a good introduction as it leaves out many particu Want to supercharge your website with the latest searching mapping shopping and imaging tools Now you can build amazing mashups with help from this step by

step guide How to Do Everything with Web 2.0 Mashups shows you how to remix the best of Google, Amazon, Flickr and eBay to create customized applications. You'll learn to use essential Web 2.0 technologies including XML, JavaScript, XHTML and REST and seamlessly integrate them into your own innova. About the Author: Jesse Feiler is the author of numerous technology books about FileMaker, Mac OS X, PERL, PHP, JavaScript and MySQL. He specializes in creating FileMaker applications for small business and non-profits. Je
