Barnum : Usability Testing Essentials: Ready, Set...Test! usability testing essentials provides readers with the tools and techniques needed to begin usability testing or to advance their knowledge in this area the book usability testing essentials ready settest 296 the next steps in the process analyzing the findings and reporting on them are covered in chapters 8 and 9 Usability Testing Essentials: Ready, Set...Test!:

4 of 4 review helpful Good text awful Kindle presentation By Vlad Golovach The book is quite good perfectly on pair with the green and purple ones Handbook of Usability Testing Howto Plan Design and Conduct Effective Tests and A Practical Guide to Usability Testing respectively previous best books on the subject And this book is much more fresh both green and purple books was published quite a long time ago for IT Usability Testing Essentials provides readers

with the tools and techniques needed to begin usability testing or to advance their knowledge in this area The book begins by presenting the essentials of usability testing which include focusing on the user and not the product knowing when to conduct small or large studies and thinking of usability as hill climbing It then reviews testing options and places usability testing into the context of a user c Beg borrow buy or steal a copy of Usability Testing Essentials nbsp Ready Set hellip Test This is as good a book on usability testing as you are going to find and it will provide practical guidance regardless of your experience level hellip if you wan
