2 of 2 review helpful Getting beyond the glass touchscreen By Daniel L Ashbrook There s Not an App for That is a great book for thinking outside of the glass brick that we re used to interacting with Unlike many other books on mobile UX this book doesn t tell you how to write apps do wireframing or size buttons it guides you toward thinking

about what comes after the iPhone and its progeny The book is di There rsquo s Not an App for That will make your work stand out from the crowd It walks you through mobile experiences and teaches you to evaluate current UX approaches enabling you to think outside of the screen and beyond the conventional You rsquo ll review diverse aspects of mobile UX the screens the experience how apps are used and why they rsquo re used You rsquo ll find special sections on challenging your approach as well as a series of ques a book for practitioners researchers and students who want a glimpse at possible futures for mobile app design or who agree with the authors rsquo assertion that headsdn thinking is not the optimal approach for mobile user experience Techni
