**By Barbara Moran : Crafting Multimedia Text: Websites and Presentations (NetEffect)** crafting multimedia text websites and presentations neteffect barbara moran on amazon free shipping on qualifying offers an excellent resource for those in journalism business education multimedia writing communications and web design this unique exciting book introduces new Crafting Multimedia Text: Websites and Presentations (NetEffect):

0 of 0 review helpful Stop writing BAD web content By G Robert Baker There is a difference between writing for print and writing for the Web This book really explains it Quit guessing Read this book It s fun and your website won t be so BORING or hard to use Thank you Many books discuss the larger issues of design proposals script writing and

interactive narrative elements What has been missing is this 1 a book that discusses the place power and purpose of words in multimedia applications and that discusses the
