Mesa College Bundle: Rendering with mental ray & 3ds Max (Portuguese Edition):

6 of 6 review helpful The Book I Should Have Bought First Up By Nicholas T Fox I ve purchased several books on

using mental ray and 3ds and this is the one I should have bought at the start The author guides you through the process of using mental ray with 3ds Max explaining and illustrating in the book what you ll see on your own computer While setting up a rendering using mental ray is not difficult its settings can Realize your vision with stunning renders of your 3ds Max projects that can only be achieved with a powerful engine like mental ray Beginning with a concise review of the essential concepts you proceed to step by step tutorials that teach you how to render scenes with indirect light or with specific effects such as depth of field and motion blur Contour line shading and various other mental ray features are presented in detail then you learn how to use the different Put yourself on a path to productivity with Joep s deliberate approach to a logical workflow Enjoy the exercises and the satisfaction you get from producing cost effective renderings and a foundation of knowledge that you can apply to your work
