9 of 9 review helpful I liked it By Tyrone R Smith I ve used Carrera since it was Ray Dream and it was time for me to graduate I tried Maya and didn t like the interface or maybe it was the books that described how to use the interface nevertheless I thought I would look at 3ds Max The way I learn best is by doing and although the help menu contains

the information it doesn't have it in a form that is useful to me Bring 3D film effects to the big screen Generate realistic characters for a top selling game Create rich and complex design visualization Autodesk reg 3ds Max reg 9 lets you maximize your productivity and tackle challenging animation projects And this book developed by Autodesk insiders lets you master the essential tools and techniques Learn how to use 3ds Max 9 confidently in a production environment Each chapter of this book has a About the Author Autodesk's Media and Entertainment division produces award winning software tools designed for digital media creation management and delivery across all disciplines from film and television visual effects color grading and editing to animatio
