By Anne Powers : Cinema 4D: The Artist's Project Sourcebook, 2nd Edition cinema 4d the artists project sourcebook 2nd edition cinema 4d third edition the artists project sourcebook by kent mcquilkin and a great selection of similar used new and collectible books available now at abebooks Cinema 4D: The Artist's Project Sourcebook, 2nd Edition:

1 of 1 review helpful Brilliant from cover to cover By Todd Groves There are very few books that cover digital mediums that have held my attention from cover to cover This book did Filled with beautifully written lessons and tutorials Anne Powers teachings are clear and concise while remaining engaging all the way through Even though this book was written for an earlier version of Cinema 4D it is still relevant today Make the creative leap to 3D Realize your artistic vision with this treasure chest of instructional projects Get the essential concepts and techniques without drowning in the technical complexities This new edition is an artist s sourcebook for the visionary in you that wants to master 3D and have fun in the process It serves as a complete guide for the creative use of CINEMA 4D R10 and all of

its modules This new edition features an enga When I look at the contents and tutorials I feel incredibly excited for the artists starting today I would have killed for this information and tool set when I was getting started Phil Captain 3D McNally animator stereoscopic supervisor an inspiration
