4 of 4 review helpful One of a kind By Renaud Galand As a 3D modeler I bought this book without knowing much about it I just knew I wanted some reference material for sculpting heads from all around the world and this book is clearly the only one I ve found that gives you that The book covers some basic anatomy differences between ethnicity

by focusing on the skull and its shapes I wish the analysis was pushed further a As animation software becomes more advanced and graphics become more refined the opportunity to create informative detail becomes more achievable in your characters You can t give every character the same facial contours anymore Today s graphic engines and hi definition screens enhance detail and the features in your character can make or break the believability of your game or movie Face It provides you with the resources that you need to ensure About the Author Dr Patricia Beckmann Wells EdD founder of Bunsella Studios former head of training and artist development at both Dreamworks SKG and Walt Disney Feature Animation Studios Scott Wells Senior Character Artist Treyarch Activision Call of
