By Doug A. Bowman, Ernst Kruijff, Joseph J. LaViola Jr., Ivan Poupyrev : 3D User Interfaces: Theory and Practice 3d user interfaces theory and practice paperback doug bowman ernst kruijff joseph j laviola jr ivan poupyrev on amazon free shipping on qualifying from video games to mobile augmented reality 3d interaction is everywhere but simply choosing to use 3d input or 3d displays isnt enough 3d user interfaces 3d 3D User Interfaces: Theory and Practice:

0 of 0 review helpful I think the content of the book was really useful Even if the book is a little old By Adrian Vega Vega The reason for my 3 stars review is because in the pro side I think the content of the book was really useful Even

if the book is a little old it adapts to the context and covers all the basic topics related to 3d interaction My main issue with it is the material of the book itself it feel Here rsquo s what three pioneers in computer graphics and human computer interaction have to say about this book ldquo What a tour de force mdash everything one would want mdash comprehensive encyclopedic and authoritative rdquo mdash Jim Foley ldquo At last a book on this important emerging area It will be an indispensable reference for the practitioner researcher and student inte From the Back Cover Here rsquo s what three pioneers in computer graphics and human computer interaction have to say about this book ldquo What a tour de force mdash everything one would want mdash comprehensive encyclopedic and auth
