5 of 6 review helpful Great SEO Textbook By Stoney deGeyter Shari has written what I would consider the definitive textbook for search engine optimization and marketing Shari demonstrates her vast knowledge and experience in the field of search optimization and marketing and lays out all of the basics in a simple and easy to understand format While this book is geared more toward those who are at the beginn Search Engine Visibility is about designing writing

and creating a web site primarily for a site s visitors and helping them find what they are searching for via the major search engines directories and industry related sites This book teaches developers designers programmers and online marketers what pitfalls to avoid from the beginning so they can provide their clients with more effective site designs It includes up to date information on new developmen From the Back Cover Search Engine Visibility is not about merely obtaining top positions in search search results Rather Search Engine Visibility is about designing writing and creating a web site primarily for your site s visitors adn helping them find wh
