1 of 1 review helpful Not the easiest book to read but some hidden gems within By C Raven While the book is well researched and the author clearly experienced in the field I found the style of writing a little too reminiscent of a high school text book for my taste with innumerate real world examples laid out back to back as though little more than

research notes That said several of the sites and books ref What happens when you rsquo ve built a great website or app but no one seems to care How do you get people to stick around long enough to see how your service might be of value In Seductive Interaction Design speaker and author Stephen P Anderson takes a fresh approach to designing sites and interactions based on the stages of seduction This beautifully designed book examines what motivates people to act Topics include AESTHETICS BEAUTY AND About the Author Stephen P Anderson is an internationally recognized speaker and consultant based in Dallas Texas He created the Mental Notes card deck a tool that s widely used by product teams to apply psychology to interaction design Prior to vent
