**By Randy Drisgill, John Ross, Jacob J. Sanford, Paul Stubbs, Larry Riemann : Professional SharePoint 2010 Branding and User Interface Design** 15112011nbsp;summary read book excerpts from the wroxhttpwroxwiley.cda book professional sharepoint branding and user interface design isbn 978 470 a must have guide for creating engaging and usable sharepoint 2010 branding professional sharepoint 2010 branding and branding and user interface design Professional SharePoint 2010 Branding and User Interface Design:

1 of 1 review helpful Helps You Know What You Don t Know By michael kirner I found this book both interesting and challenging As a user of SharePoint 2007 until a recent upgrade to SharePoint 2010 I had done most customisation using the web browser This book took it to the next level and perhaps the one after that Now I know that there is a lot more I need to know The book was well paced and began with simple cus A must have guide for creating engaging

and usable SharePoint 2010 branding With SharePoint 2010 Microsoft has provided a more robust environment for creating collaboration and content management sites that rival any of the popular websites on the internet Creating a branded SharePoint site involves understanding both traditional web design techniques as well as topics that are typically reserved for developers This book bridges that gap by not only providing From the Back Cover Sharpen your branding skills with this must have resource SharePoint 2010 allows for much more robust branding opportunities and this hands on resource shares proven techniques for branding and user interface design so that you can execute
