0 of 0 review helpful Four Stars By gregory hinnant C 24 of 26 review helpful Our students use this book to create stunning animations By A Customer Our Computer Animation students use this book to create stunning character animations As a result our alumni have been very successful in finding jobs at major studios such as PIXAR MetroLight Studios ABC Interacti 3 D Human Modeling and Animation fills a tremendous void that has become even more evident with the successful use of 3 D in movies like Disney s Toy Story While there has been much written

about drawing the human form in relation to art commercial design and 2 D cartooning the subject of 3 D modeling and animation of the human form has been neglected at the same time that the use of 3 D tools has been exploding It is my judgment that this book will become the re com Never forgetting that the human form is the most valuable and challenging resource in fine art 3 D Human Modeling and Animation helps make the transition from 2 D to 3 D working with height width and now depth easier Student artists and ani
