0 of 0 review helpful This is such an excellent book I got it because I wanted to By Squirrel Overlord This is such an excellent book I got it because I wanted to understand UX better for my own work as a process analyst but what it gave me is a wealth of information about how to avoid getting caught in the various traps used by web designers and marketers as well as avoid scams Yes scams they use the same tech Learn how companies make us feel good about

doing what they want Approaching persuasive design from the dark side this book melds psychology marketing and design concepts to show why we re susceptible to certain persuasive techniques Packed with examples from every nook and cranny of the web it provides easily digestible and applicable patterns for putting these design techniques to work Organized by the seven deadly sins it includes Pride use soci From the Back Cover Better read this book before your neighbor goes and pulls a fast one on you If this appeal to fear isn t enough then maybe greed will do the trick any website will make lots of money by following the guidelines in this book even if you
