introducing spoken dialogue systems [Introducing Spoken Dialogue Systems into Intelligent Environments:](#)

[Introducing Spoken Dialogue Systems into Intelligent Environments](#) outlines the formalisms of a novel knowledge driven framework for spoken dialogue management and presents the implementation of a model based Adaptive Spoken Dialogue Manager ASDM called OwlSpeak. The authors have identified three stakeholders that potentially influence the behavior of the ASDM: the user, the SDS, and a complex Intelligent Environment IE consisting of various devices. From the reviews: "In this book, the authors describe their approach to OwlSpeak, an adaptive spoken dialogue manager ASDM. It is intended to be a spoken interface to intelligent environments in the context of real life situations." We found that
