**From Springer : Human Factors in Augmented Reality Environments** human factors in augmented reality environments is the first book on human factors in ar addressing issues related to design human factors in augmented reality environments weidong huang leila alem mark a livingston on amazon free shipping on qualifying offers advances in Human Factors in Augmented Reality Environments:

Advances in hardware and networking have made possible a wide use of augmented reality AR technologies However simply putting those hardware and technologies together does not make a "good" system for end users to use New design principles and evaluation methods specific to this emerging area are urgently needed to keep up with the advance in technologies Human Factors in Augmented Reality Environments is the first book on human factors From the Back Cover None

### **human factors in augmented reality environments**

download and read human factors in augmented reality environments human factors in augmented reality environments **epub** browse and read human factors in augmented reality environments human factors in augmented reality environments what do you do to start reading human factors **pdf** '..' browse and read human factors in augmented reality environments human factors in augmented reality environments reading is a hobby to open the knowledge windows human factors in augmented reality environments is the first book on human factors in ar addressing issues related to design

### **human factors in augmented reality environments**
