8 of 8 review helpful The best book ever By Max Just recently I started to get into 3D design For past 2 months I worked in Plasma since it was a slimmed down version of 3ds Max Then finally I decided to learn it and dig deeper

into the program Without prior experience it was a little hard for me so I bought this book From the start I can see how valuable this book is I read all the posts above and they were dead on Harness the power of 3ds max 5 Harnessing 3ds max 5 is the perfect tool for learning the world s most popular 3D graphics program The authors lead you through the complex world of 3ds max step by step so you ll build experience and confidence as you progress through the book Clear and concise explanations ample illustrations and easy to follow tutorials make Harnessing 3ds max 5 the ideal choice for users of computer graphics both inside and outside the classroom About the Author Aaron Ross is part of the Computer Animation and Multimedia Faculty the Art Institute of California at San Francisco He received his Bachelor of Fine Arts from the School of the Art Institute of Chicago and his Master of Fine Arts from the Ca
