0 of 0 review helpful Donati VS Birn By mayanerd I admit that Donati made a good point in his book nevertheless the book has very poor information compared to Digital Lighting and Rendering by Jeremy Birn both books are almost identical in the topics Donati presents very basic material in lighting and rendering also so much pointless text that is

not needed on the other hand Birn elaborates on these topics Successful animators the ones who land the exciting jobs and who win the industry awards must be more than simply a talented artist a great filmmaker or a skilled technologist They need to be all three For the first time aspiring animators and those in the field looking to move up have a resource to help them develop this entire skill set with Exploring Digital Cinematography Award winning animator Jason Donati examines such key concepts as CG directing light SECTION 1 OVERVIEW AND INTRODUCTION Preface Understanding Digital Cinematography SECTION 2 DIRECTING Gallery Introduction to Directing the Animated Film Visual Storytelling Directing the Camera A Traditional Filmmaking Perspective The Virtual Camer
