0 of 0 review helpful Excellent for the beginner By S Excellent book if you ve never designed in 3D It s meant for older versions of AC but the procedures are basically the same Would like to see an upgraded book for newer versions of AC For AutoCAD 2004 2002 and 2000 users Take your AutoCAD skills to the next level master its 3D modeling

capabilities Using the same 2D commands and tools you are accustomed to drafting with you can actually construct the object you are designing
