**By Paolo Ciccone : The Complete Guide to DAZ Studio 4** bring your 3d characters to life with daz studio learn to pose characters in a natural way with ease apply morphs to create new characters with endless variations and the book builds up a complete project from scratch and demonstrates the power of daz to create life like characters the book is replete with detailed examples and The Complete Guide to DAZ Studio 4:

15 of 15 review helpful A step in the right direction By W Watson At first glance I have to say that this book is definitely a step in the right direction but I wouldn't call this a complete guide In the areas of Daz Studio that Mr Ciccone does cover he does a good job of going over the material However Chapters 10 and 11 are devoted entirely to the Reality Plugin Not a part of Daz studio but a plugin that Bring your 3D characters to life with DAZ Studio Overview Learn to pose characters in a natural way with ease Apply morphs to create new characters with endless

variations and discover how to use lighting effectively Covers DAWN The new 3D figure on the block by Hivewire3D as well as a free download code for DAWN buried inside Learn how to use DAZ Studio with practical examples and step by step instructions About the Author Paolo Ciccone Paolo Ciccone is a software engineer and photographer who lives in Santa Cruz California He has been developing software for more than 20 years in a large series of disciplines including IDEs JBuilder and 3D modeling
