Information Using SVG and X3D:

4 of 6 review helpful Returned for refund By Customer So not worth the price Well written but the Kindle edition is a poorly scanned image with only rudimentary navigation I returned it Correcting the Great Mistake People often mistake one thing for another That rsquo s human nature However one would expect the leaders in a particular eld of endeavour to have superior ab ities to discriminate among the developments within that eld That is why it is so perplexing that the technology elite ndash supposedly savvy folk such as software developers marketers and businessmen ndash have continually mistaken Web based graphics for something it is not
