13 of 15 review helpful Not for Max Users Requires 85 Plug in to Do Excercise By embroideringpuggie Out of 9 chapters only Chapters 5 6 deal specifically with 3D Studio Max Ch 5 requires a plug in and various maps to finish the

model They re sadly missing from the Companion CD Worse still Ch 6 requires a plug in that costs 85 or else you cannot do the exercise at all You only find that out on page 164 Creating photorealistic interesting 3D creatures is a major skill required of all computer animators Through step by step instructions users will master all the modeling and surfacing techniques needed to create professional quality creatures With the tools and techniques provided in this book animators can learn to cut their creature development time by as much as 75 com This useful book teaches you all about building lifelike creatures in a variety of 3 D programs You learn how to create everything from fabulous monsters to action heroes by using LightWave 5 5 3D Studio Max 2 0 and Animation Master 5 and by applying
