0 of 0 review helpful Creating Game Assets with Maya and using Motionbuilder By Hasasuki This book offers a great

tutorial on how to use Motionbuilder However when you have to model the female character the instructions don't give you enough written details on how to model her in detail from the face to starting the kimono Even so there is a page of photos that show the stages of the modeling process I got stuck here Learn the Alias endorsed workflow for creating a game in Maya with this full color official book Discover the Game with Alias is the only book available that also teaches animation techniques in Alias MotionBuilder Accompanying the book are two DVDs The first features instructor movies scene files and PLEs of Maya and Alias MotionBuilder The second includes Maya Techniques in Polygon Texturing Lighting and Shading Be sure to get your copy of this inva From the Back Cover With this book you will understand Game character design Creating the character
