1 of 1 review helpful It s Okay By new home dad So far it s an okay manual The tutorial method is good but would have hoped for some introductory oversight of the program before jumping into the tutorials Some of the editing is suspect as some details are left out in the step by step tutorials leaving us wondering what we re missing So far after a few chapters we re left feeling like maybe we need to hunt around for an Welcome to the world of Autodesk 3ds Max

a 3D modeling animation and rendering software package developed by Autodesk Inc It is widely used by architects game developers design visualization specialists and visual effects artists A wide range of modeling and texturing tools make it an ideal platform for 3D modelers and animators The intuitive user interface and workflow tools of Autodesk 3ds Max have made the job of design visualization specialists easier Aut
