0 of 0 review helpful Good inspiration for digital artists By Ken May I just ordered one after flipping thru most of the pages at an expensive bookstore I do 3D art with 3DS Max and ZBrush while using Photoshop for all 2D needs With that said I m really looking forward to taking time with this book I like it s variety style and high quality content I m always on the hunt for more tips and inspiration These aren t c Digital Art Masters has long been supporting both up

and coming and established artists in the digital art industry showcasing their work to a global audience and helping to bring them the recognition they richly deserve In the ninth volume of this groundbreaking series fifty more artists bring their imagination and talent to such topics as characters scenes sci fi fantasy and cartoons resulting in a book filled with beautiful images and words of wisdom About the Author 3DTotal Publishing 3DTotal was founded in 1999 as a simple 3D resource website Over the last decade the site has evolved into one of the premier CG art websites in the world offering a variety of training products an inspirational
