By H. Hagen, Gerald E. Farin : Geometric Modelling: Dagstuhl 1993 (Computing Supplementa) geometric modelling by h hagen dagstuhl 1993 paperback; computing supplementa; a knowledge based system for geometric design geometric modelling is concerned with the computer aided design manipulation storage and transmission of geometric shape it provides fundamental Geometric Modelling: Dagstuhl 1993 (Computing Supplementa):

Experts from university and industry are presenting new technologies for solving industrial problems and giving many

important and practicable impulses for new research Topics explored include NURBS product engineering object oriented modelling solid modelling surface interrogation feature modelling variational design scattered data algorithms geometry processing blending methods smoothing and fairing algorithms spline conversion This collection of 24 articl
