rendering techniques 96 proceedings of the eurographics workshop in porto portugal june 17 19 1996 xavier pueyo peter rendering techniques 96 proceedings of the eurographics workshop in porto portugal june 17 19 1996 Rendering Techniques '96: Proceedings of the Eurographics Workshop in Porto, Portugal, June 17–19, 1996:

27 contributions treat the state of the art in Monte Carlo and Finite Element methods for radiosity and radiance Further special topics dealt with are the use of image maps to capture light throughout space complexity volumetric stochastic descriptions innovative approaches to sampling and approximation and system architecture The Rendering Workshop proceedings are an obligatory piece of literature for all scientists working in the rendering field but they are als
