therapies in neurorehabilitation ii biosystems and biorobotics to existing therapies in neurorehabilitation and add value emerging therapies in neurorehabilitation ii biosystems and biorobotics kindle edition by jos l pons rafael raya jos gonzlez download it once and read it Emerging Therapies in Neurorehabilitation II (Biosystems & Biorobotics):

This book reports on the latest technological and clinical advances in the field of neurorehabilitation It is however much more than a conventional survey of the state of the art in neurorehabilitation technologies and therapies It was written on the basis of a week of lively discussions between PhD students and leading research experts during the Summer School on Neurorehabilitation SSNR2014 held September 15 19 in Baiona Spain Its unconventional format make lquo The purpose of this compilation is to provide a survey of innovative technologies and clinical interventions that can be used to improve function in people with deficits resulting from neurological injury or illness hellip The primary audience is en
