**By Carlos A. Cifuentes, Anselmo Frizera : Human-Robot Interaction Strategies for Walker-Assisted Locomotion (Springer Tracts in Advanced Robotics)** human robot interaction strategies for walker assisted locomotion springer tracts in advanced robotics technologies human robot interaction and human robot interaction strategies for walker assisted locomotion springer tracts in advanced robotics 9783319340623 medicine and Human-Robot Interaction Strategies for Walker-Assisted Locomotion (Springer Tracts in Advanced Robotics):

This book presents the development of a new multimodal human robot interface for testing and validating control strategies applied to robotic walkers for assisting human mobility and gait rehabilitation The aim is to achieve a closer interaction between the robotic device and the individual empowering the rehabilitation potential of such devices in clinical applications nbsp A new multimodal human robot interface for testing and validating control strategies appli
