

# Unobstructed Shortest Paths in Polyhedral Environments (Lecture Notes in Computer Science)

By Varol Akman

DOWNLOAD

READ ONLINE

| #17897030 in Books | 1987-04-06 | Original language: English | PDF # 1 | 9.25 x .27 x 6.10l, .38 | File type: PDF | 106 pages | File size: 27.Mb

By Varol Akman : Unobstructed Shortest Paths in Polyhedral Environments (Lecture Notes in Computer Science) download and read unobstructed shortest paths in polyhedral environments lecture notes in computer science

volume 251 unobstructed shortest paths in polyhedral lecture notes in computer science advanced programming environments unobstructed shortest paths in polyhedral environments vii 103 pages Unobstructed Shortest Paths in Polyhedral Environments (Lecture Notes in Computer Science):

Presents algebraic and geometric algorithms to deal with a specific problem which frequently occurs in model based robotics systems and is of utmost importance in calibrating the complexity of robotics tasks in general The algorithms are based on several ideas from areas such as elimination theory optimization polyhedral theory and Voronoi diagrams The algorithms were also implemented in a Lisp in a workbench to allow experimentation with shortest path problems
