The two volume set LNCS 4141 and LNCS 4142 constitutes the refereed proceedings of the Third International Conference on Image Analysis and Recognition ICIAR 2006 The volumes present 71 revised full papers and 92

revised poster papers together with 2 invited lectures Volume II includes papers on pattern recognition for image analysis computer vision biometrics shape and matching brain imaging remote sensing image processing and more From the Back Cover This book constitutes the refereed proceedings of the 6th International Conference on Image Analysis and Recognition ICIAR 2009 held in Halifax Canada in July 2009 The 93 revised full papers presented were carefully reviewed and select
