Proceedings (Lecture Notes in Computer Science):

This book constitutes the refereed proceedings of the 6th International Conference on Computational Methods in Systems Biology CMSB 2008 held in Rostock Germany in September 2008 The 21 revised full papers presented together with the summaries of 5 invited papers were carefully reviewed and selected from more than 60 submissions The papers cover theoretical or applied contributions that are motivated by a biological question focusing on modeling approaches From the Back Cover This book constitutes the refereed proceedings of the 6th International Conference on Computational Methods in Systems Biology CMSB 2008 held in Rostock Germany in September 2008 The 21 revised full papers presented together with the s
