**From Brand: Springer : Research and Education in Robotics - EUROBOT 2011: International Conference, Prague, Czech Republic, June 15-17, 2011. Proceedings (Communications in Computer and Information Science)** this book constitutes the proceedings of the international conference on research and education in robotics eurobot 2011 held in prague czech republic in june 2011 research and education in robotics eurobot 2011 international conference prague czech republic june 15 17 2011 proceedings communications in computer and information Research and Education in Robotics - EUROBOT 2011: International Conference, Prague, Czech Republic, June 15-17, 2011. Proceedings (Communications in Computer and Information Science):

This book constitutes the proceedings of the International Conference on Research and Education in Robotics EUROBOT 2011 held in Prague Czech Republic in June 2011 The 28 revised full papers presented were carefully

reviewed and selected from numerous submissions The papers present current basic research such as robot control and behaviour applications of autonomous intelligent robots and perception processing and action as well as educationally oriented papers
