Rendering, Ray Tracing and Visualization Systems (Focus on Computer Graphics):

This volume contains papers representing a comprehensive record of the contributions to the fifth workshop at EG 90
in Lausanne The Eurographics hardware workshops have now become an established forum for the exchange of
information about the latest developments in this field of growing importance The first workshop took place during
EG 86 in Lisbon All participants considered this to be a very rewarding event to be repeated at future EG conferences
This view was r
