From Springer : Progress and New Trends in 3D Geoinformation Sciences (Lecture Notes in Geoinformation and Cartography)

progress and new trends in 3d geoinformation sciences lecture notes in geoinformation and cartography jacynthe pouliot lecture notes in geoinformation and cartography progress and new trends in 3d geoinformation sciences bearbeitet von jacynthe pouliot sylvie daniel frdric Progress and New Trends in 3D Geoinformation Sciences (Lecture Notes in Geoinformation and Cartography):

The integration of the 3rd dimension in the production of spatial representation is largely recognized as a valuable approach to comprehend our reality that is 3D During the last decade developments in 3D Geoinformation GI system have made substantial progress We are about to have a more complete spatial model and understanding of our planet in different scales Hence various communities and cities offer 3D landscape and 3D city models as valuable source and instru From the Back Cover The integration of the 3rd dimension in the production of spatial representation is largely recognized as a valuable approach to comprehend our reality that is 3D During the last decade developments in 3D Geoinformation GI system have mad
