From Brand: Springer : Radar Remote Sensing of Urban Areas (Remote Sensing and Digital Image Processing)
download and read radar remote sensing of urban areas remote sensing and digital image processing manual factory 2004 remote sensing and digital image processing radar remote sensing of urban areas to extract information about

urban areas from synthetic aperture radar Radar Remote Sensing of Urban Areas (Remote Sensing and Digital Image Processing):

One of the key milestones of radar remote sensing for civil applications was the launch of the European Remote Sensing Satellite 1 ERS 1 in 1991 The platform carried a variety of sensors the Synthetic Aperture Radar SAR is widely considered to be the most important This active sensing technique provides all day and all weather mapping capability of considerably ne spatial resolution ERS 1 and its sister system ERS 2 launch 1995 were primarily designed for ocean From the Back Cover This book presents a unique collection of state of the art contributions by international remote sensing experts focussing on methodologies to extract information about urban areas from Synthetic Aperture Radar SAR data SAR is an active r
