By Sebastian Arndt : Neural Correlates of Quality During Perception of Audiovisual Stimuli (T-Labs Series in Telecommunication Services)

neural correlates of quality during perception of audiovisual stimuli t labs series in telecommunication services document about neural correlates of quality during amazon neural correlates of quality during perception of audiovisual stimuli t labs series in telecommunication services Neural Correlates of Quality During Perception of Audiovisual Stimuli (T-Labs Series in Telecommunication Services):

This book presents a new approach to examining the perceived quality of audiovisual sequences It uses electroencephalography EEG to explain in detail how user quality judgments are formed within a test participant and what the physiological implications might be when subjects are exposed to lower quality media The book redefines the experimental paradigms of using EEG in the area of quality assessment so that they better suit the requirements of standard subjective From the Back Cover This book presents a new approach to examining perceived quality of audiovisual sequences It uses electroencephalography to understand how exactly user quality judgments are formed within a test participant and what might be the physiologic
